

Often times, when we experience bullying whether as children or adults, the cause may be rooted in our generational line. I have seen people experience freedom from bullying by repenting and forgiving those in our ancestral lines who were the bullies or who were bullied.

### **Generational Prayer for Release of Being Bullied**

In the name of Jesus, I repent and renounce on behalf of my ancestors from the beginning of time to the present for bullying, intimidation and cruelty especially against those who are vulnerable or weak or the disenfranchised.

I repent on behalf of all my ancestors for maligning, defaming and slandering of people.

I repent on behalf of all my ancestors for harassment and stalking.

I repent on behalf of all my ancestors for demeaning of character, for mockery and word curses.

I repent for all generational acts of dishonor, disrespect and devaluing of personhood.

I repent for all generational spewing out of discouraging words, crushing words and words that debilitate and paralyze.

I repent on behalf of all my ancestors for crushing peoples spirits and destroying their future.

I repent on behalf of all my ancestors for belittling, insulting, humiliating, shaming of character, and destroying peoples' reputation.

Lord, I extend forgiveness to all those who have bullied me, maligned me, and caused me pain.

Lord, I bless those who have hurt me and I bless them with salvation, in Jesus' name.

Amen.
